

REMARKS

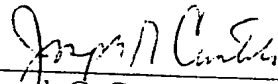

The present patent application is a national stage patent application of International Application No. PCT/CH2005/000137 filed 7 March 2005, which claims priority from Patent Application No. GB 0405723.8 filed on 15 March 2004, from which applications the present application claims priority.

The amendment of the title of the PCT application as filed places the Title in conformance with the title as amended by the International Searching Authority, and as published in WO 2005/097756. The Abstract has been amended to proper U.S. format.

Amendments to the claims place the claims in proper U.S. format, eliminating multiple dependencies and introducing dependent claims finding support on pages 3-4 of the Specification. The scope of the amended claims is not narrowed by the present amendments.

Applicant respectfully requests entry of the above amendments before the fees are calculated, and earnestly solicits a formal Notice of Allowance directed to claims 1-15.

Respectfully submitted,

Joseph G. Curatolo, Esq. (Reg. No. 28,837)
